Simultaneous and Consecutive Interpretation

I work as a free lance conference interpreter and translator as of 2002. My service offer ranges from simultaneous and consecutive interpreting for international events to liaison interpreting for corporate negotiations, visit of factories and diplomatic and business missions abroad.

Business interpreting

Business meetings, gala dinners, visits to construction sites, factories and oil plants.

Liaison interpreting and chuchotage for italian delegations travelling abroad and foreign delegations in Italy.

Mediation and linguistic assistance to foreign patients using public or private health facilities.

Events

I can organise large teams of interpreters working in multiple languages and also provide logistical support (sound-proof booths, headsets, sound technician).
